Key Findings | Match Data: 1930–2018

FINDING 1 · GOALS

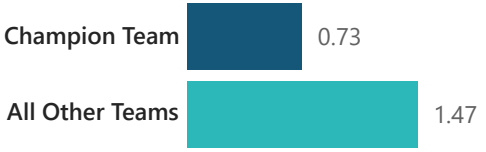

Champions score more and concede less.

Champions scored 2.31 goals per match, compared with 1.35 for other teams. They conceded 0.73, versus 1.47 for others—about half as many.

Goals Scored per Match

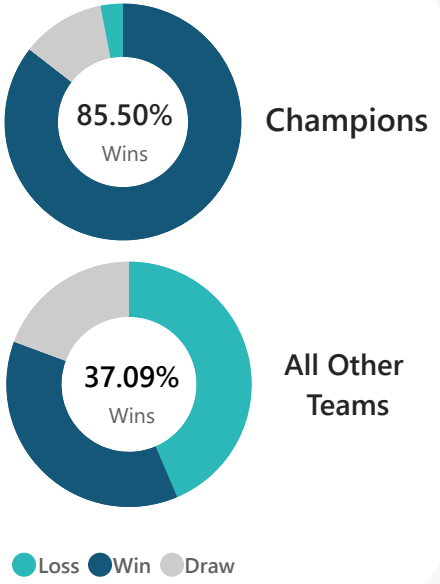

Goals Conceded per Match

FINDING 2 · RESULTS

17 of 21 Title Campaigns Were Unbeaten.

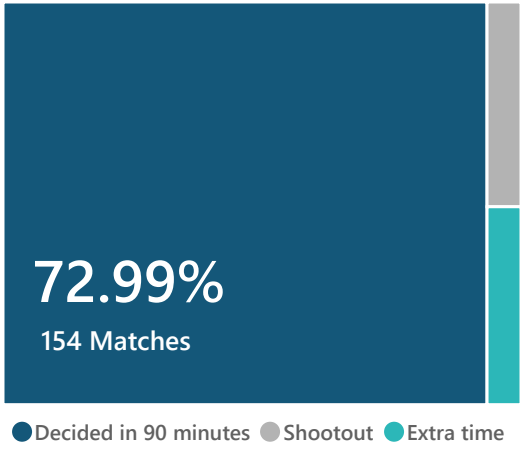

Champions won 85.50% of their 131 team-match records, losing only four matches. Seventeen of the 21 champion campaigns were unbeaten. Other teams had a 37.09% win rate and a 43.56% loss rate.

FINDING 3 · KNOCKOUTS

27% of knockout matches needed extra time or penalties.

Of 211 knockout matches, 154 (73.0%) were decided within 90 minutes. The remaining 57 (27.0%) required extra time or were decided by penalties, including 30 penalty shootouts.

WHAT WINNING CAMPAIGNS LOOKED LIKE

Champions scored more and conceded fewer goals per match.

Across the 1930–2018 tournaments, champions tend to score more goals per match and conceded fewer goals than other teams. These are historical patterns in the data, not proof that these factors alone determine tournament success.
